ADMINISTRATION

TAFT WELCOMES NEW PRINCIPAL

Taft was privileged this year to have Mr. John P. Graven, appointed as its new principal. The 1968-69 school year marked many changes at Taft. We had many student activities including a Homecoming, a Mardi-Gras, A Christmas Around the World Campaign, and even a Talent Show. The major cause of these innovations was the arrival of our new principal.

The key to Mr. Graven's success can be termed "enthusiasm". The success of special events would not have been as great without his enthusiastic support and his qualified guidance.

His friendliness was evident to teachers and students alike as he smiled his way down the hall.

Before coming to Taft Mr. Graven was principal of the Horace Mann elementary school. For ten years he was assistant principal at Kelly High. He has taught economics at Wilson Junior College, Loop Junior College, and at Kelly. Mr. Graven has a master's degree in business administration and supervision.

This year Taft became more than a mere building. Taft was alive, vibrant. This could be detected in all the student affairs. Much of Taft's new pep can be attributed to Mr. Graven.

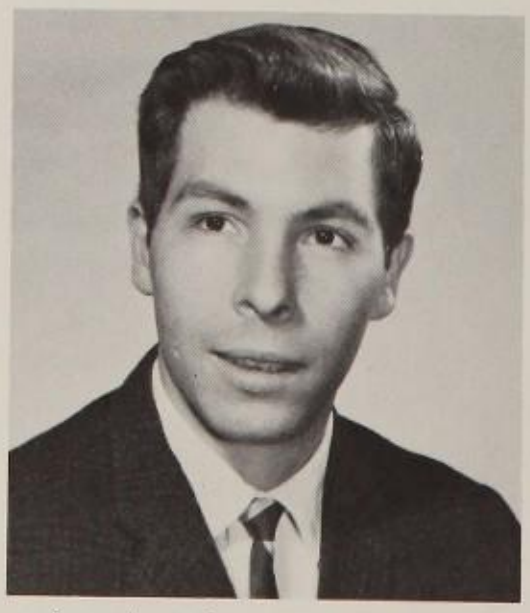
COUNSELORS

Taft's counselors were always ready to lend an open ear whenever their students wanted to talk to them about problem classes or problem teachers. They were also available to help students find outside jobs and make college plans. Their jobs extended beyond mere discipline as they tried to help students make their way easily through the school year.



Mr. Joseph Catanzaro, formerly a Taft counselor, has returned to Taft as a new assistant principal, effective June 2, 1969. He left in the fall of 1967 to assume position of assistant director of the demonstration center for gifted students.

Mr. Catanzaro originally came to Taft in 1962. He taught English at the Branch and sponsored the freshman student council. In 1966 he served as a counselor at the main building.

As assistant principal Mr. Catanzaro is in charge of all student activities: football games, parking lot, prom, and extra-curricular activities.

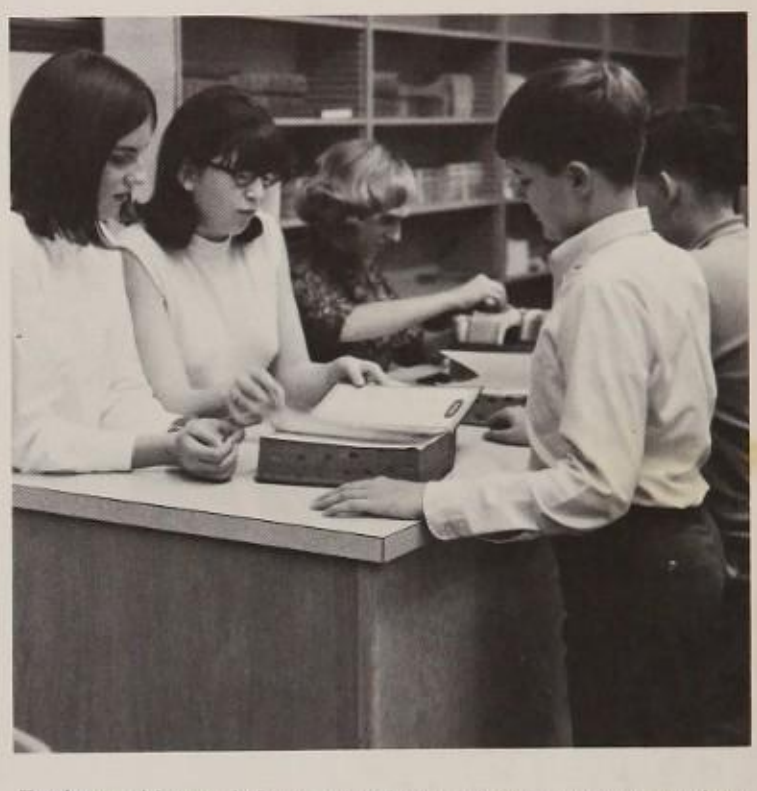
CLERKS

Mrs. Bishop

Mrs. Milanowski

Taft's administration and faculty are lucky to have such efficient office clerks. They perform numerous duties for the school including the keeping of school records, and student transcripts. They perform an indispensable service for Taft.



Freshman library helpers are always willing to assist students in locating reference material.

Mr. Graven finds office clerk Mrs. Wittmer industrious and helpful around the office.

Taft's library expands more and more each year. The librarians always furnish the students with many new and useful books. Capable and friendly, the librarians are ready to give advice and information to inquisitive students. The library always provides students with any information they require for their various courses.

The students studied diverse topics ranging from Shakespeare to Twain, and from poetry to prose. The class levels offered ranged from advanced placement to essential. Courses in Drama-Speech and a reading lab course were also offered. All students benefited from the unselfish efforts of their English teachers.

SCIENCE

The science department aimed to teach its students how the world about us works. During lab periods the students discovered for themselves the facts that they read about in their textbooks. The department strove to present fascinating and challenging adventures in the realm of scientific experimentation and theory. FOREIGN LANGUAGE DEPARTMENT AIMS FOR UNDERSTANDING THROUGH COMMUNICATION.

The foreign language department tried to help its students become better citizens by helping them learn to communicate in other languages. The knowledge the students have gained will help better relationships between the peoples of the world.

To help the students gain this knowledge the department used language labs, films, tapes, and other classroom aids to supplement the texts. Through reading and practice the students have gained a glimpse not only of the languages of foreign peoples but also of the cultures and customs of their lands.

Another Taftite finds enjoyment out of the Language Lab.

In the Distributive Education program students attend school for half the day, and work for pay and one credit for the rest of the day.

The same opportunity is available to future secretaries in Office Occupations. Students interested in well-paying jobs after graduation get a good beginning in Taft's business courses.

GRADUATES

Taft seniors remember;
experiencing the symptoms of senioritis--
frustration, elation, and superiority--
receiving draft cards and ACT scores,
the silent dread, and the longing,
They remember senior portraits, semester exams, referals, commencement,
Then they left the halls of Taft, diploma in hand,
and stepped into the future.

UNDERCLASSMEN

What was a student's life like?
It was unique.
It was full of excitement--
a crowded gym,
lined with bleachers
full of ecstatic students,
clapping hands,
stamping feet,
yelling with all their might.
Sometimes it was filled with hardships:
books flopping out of arms,
dishes falling in the lunchroom,
boring detentions,
term paper deadlines,
forms and cards and applications to fill out.
There were deep thoughts.
There were rows and rows of lockers,
each one representing a
special Someone at Taft,
someone who was different
and individual,
yet just like everyone else.

ACTIVITIES

Taft's Activities were high-pitched in 1969.

Students at last had a homecoming, with a mini parade, and a wonderful dance, an exciting, successful, Talent Show, Potpourri, where the girls got a chance to ask the guys.

They had a festive Mardi Gras, traditional Teacher Appreciation Week, magnificient Prom.

They entered the Science Fair, attended College Night, played on division volleyball teams, wore school colors on Blue and Silver Day.

And all students joined in the affairs that made Taft an enjoyable school to attend.

COLLEGE NIGHT

Students register and receive booklets explaining about each college represented.

Buena Vista College was one of the many colleges represented on College Night.

Each year in November a college night takes place. Its purpose is to acquaint the students with the various methods and facilities of different colleges and universities. The senior class votes on the colleges they think should be represented. The most popular colleges and universities are asked to participate. It is held in honor of National Education Week.

DRAMA

Seniors, (left to right) Darlene Mika, Kathy Kennedy, Karen Schulz, Doug Burkland, and Jerry Datrasso do a skit from one of their interesting plays "All People Are Great".

BALLET

This troupe of dancers, was a State University sponsored group. Their performance was graciously received by the Taft students.

TALENT SHOW REHERSAL

This is one of the many rehearsals that made our Talent Show such a success. These people made up just a few of the many wonderful acts presented that night.

SIMPLICITY FASHION SHOW

Girls taking Clothing courses are given the Simplicity Fashion Show. The girls were given various outfits according to their figure types and then advised by the Simplicity Representative, Catherine De Vries. She is shown here completing Pat Ward's ensemble.

And now the fashion show begins, as the commentator Miss De Vries' presents the girls.

First is Miss Carolyn McCarthy modeling the new wrap around dress.

Next comes Miss Margaret Gorski in a beautiful gown any girl would love to own.

Finally Miss Kandy Kisser ends the fashion show in a sporty slacks ensemble.

MARDI GRAS

Taft held its first Mardi Gras, March 14, 1969. All school sponsored clubs and organizations participated by selling goods and services at bazaar booths in the large gym. As it turned out the kids had a great time with good clean fun as well as raising money. Money raised went to the Student Council and participating organizations.

First we start with a nice looking Taft crowd.

Now here's the door that leads to all the Happenings at the Wonderful Mardi Gras.

Then we meet the fantastic Sonics.

Oh yes, and the man who played that beat.

But when things got too hot our sheriff, Laurel Thoren was there to keep things under control.

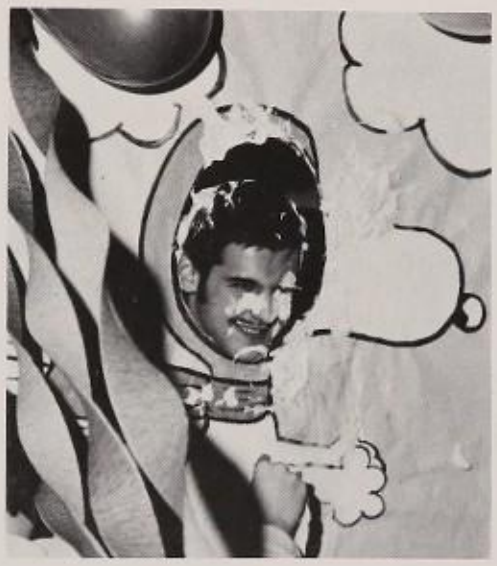
We've arrived at the Cafe au Lait but we must proceed.

Would you believe we even had our own jail house.

Next on our list is the nutty professor, Don Sikora.

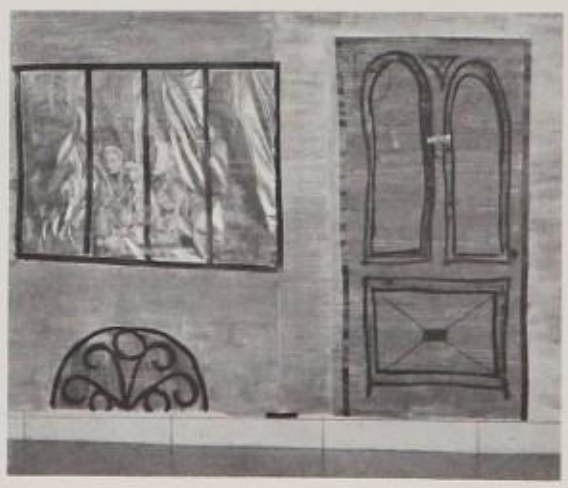
Then we wonder over to the Swami Booth where we get our fortunes told.

After that mystifying experience we have to stop and wonder how the Swami found out.



We're in luck! Now we can relieve all our tensions and smash Bob Rick and Mark Wickman in the face....

And then, take a dip in the pool with Julie Balodimas.



And be sure to leave by the back door.

HOMECOMING

The "Mini" Floaters did a fantastic job of advertising for our Homecoming. They worked with such enthusiasm that our Homecoming had to be a success. In addition to the Homecoming buttons this group even had a mini float parade in the lunch room.

Some students dance to a romantic song while others watch the group.

The cheerleaders pause for an announcement.

Mr. Graven (principal) congratulates Janie Hough the Homecoming Queen as Jerry Prochaska, Irv Kaage and Roy Bergstrom look on.

LEADER GYM

This is the second year a special gym class has been set up for girls outstanding in gymnastics. These girls must give up one period a day to assist other gym teachers in their work. Members of the class must be either juniors or seniors, have a B average in gym, a C average in academic courses, and be interested in teaching gym classes. The class has the privilege of being under the guidance of Mrs. Sonnenleiter.

SCIENCE

Students are encouraged by their science and math teachers to enter projects in the annual Science Fair. They enter in the hope that through this open competition they will be able to go to the District and City Fairs.

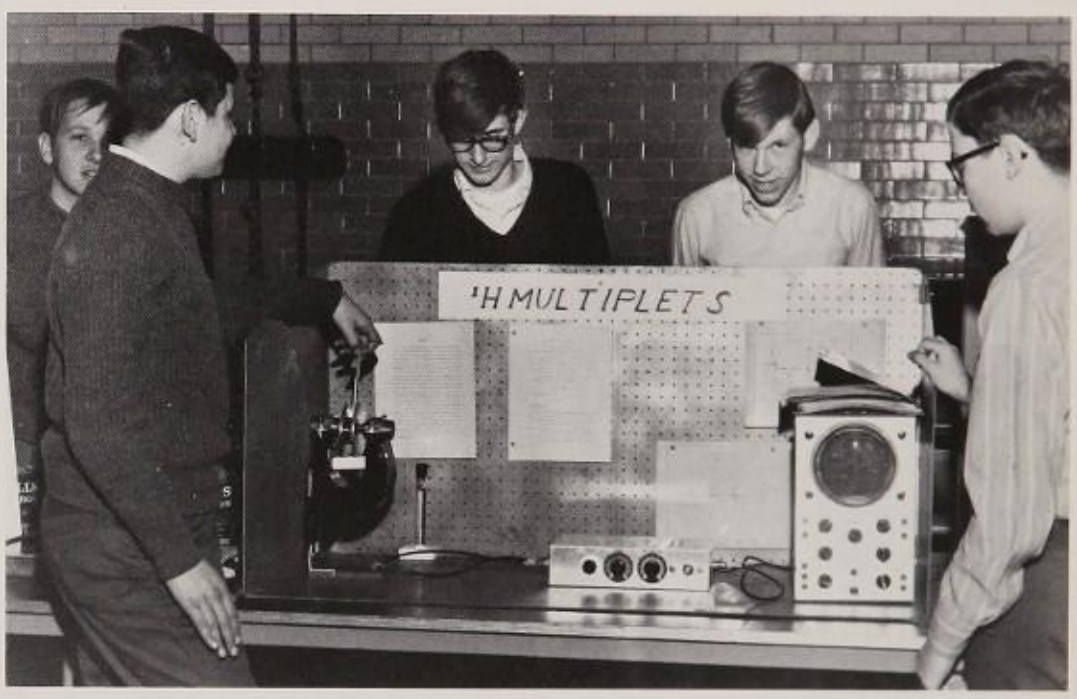
Blood chemistry is made very interesting by Susan Dziengiel.

Don Sikora demonstrates the properties of the Electronic Switch.

The interesting Peaucellier Cell and its structure is presented by Kathy Madrecki.

FAIR

George Argeropolos demonstrates his science fair project to an interested on-looker.



Joe Hough and Steve Terlecki team up to put on a good show for the Science fair.

Taft is glad to boast that five students will represent our school at the City Science Fair.

Dr. Shirley Stack is happy to present Peter Kruty with a math award at the District Fair.

SENATOR DIRKSEN

The honorable John Hoellen, Alderman for the 47th Ward in Chicago speaks in our auditorium.

Mrs. Thomas Richards, speaks with alderman, John Hoellen.

This year Taft was priviledged to have three great politicians talk with P.T.A. members. Those included were John Hoellen, (alderman for the 47th Ward here in Chicago), Senator Dirksen, and Timothy P. Sheehan, (Republican Committeeman for the 41st Ward).

John Hoellen and Mrs. Thomas Richards, discuss different ideas with Senator Dirksen.

The distinguished Senator Dirksen gives his viewpoint on various matters brought up before his attention.

Timothy P. Sheehan, the Republican Committeeman for the 41st Ward prepares to give his talk.

SERVICE

Service opportunities were great in 1969.

Students served on Student Council
and organized a successful
charity drive,
wrote for the Trib,
or composed poetry for Ibid.

Others worked backstage for a
concert or a P.T.A. meeting,
or gave up a free period to
help a counselor.

They filed programs,
sold supplies,
found books,
pulled students out of classes.

But, best of all, they got a feeling of satisfaction from helping make Taft a better school to attend.
